SAI PRANATHI BOYINA

PRODUCT DESIGNER | UI/UX DESIGN | FIGMA
Hyderabad, Telangana | 9885037157 | boyinasaipranathi@gmail.com

PROFESSIONAL SUMMARY

Product Designer and design lead focused on creating clear, practical user experiences and thoughtful product decisions. Hands-on approach to balancing user needs, business goals, and technical feasibility while maintaining a high standard of visual and interaction quality.

TECHNICAL SKILLS

Figma (3+ years): Auto Layout, Components, Variants, Styles, Design Systems, Responsive Design, Wireframing, Prototyping, Interactive Prototypes, Design Libraries, Dev Mode, Figma AI

Claude Design: UX research, user flows, ideation, and product design

Adobe Creative Suite: Visual Design, Animation, Visual Effects

Lottie, Rive: Vector Animation

Spline, Blender: 3D Modeling, Rigging, Animation

WordPress, Webflow: Website Design and CMS

FlutterFlow: UI Building, Prototyping, App Interface Design

PROFESSIONAL EXPERIENCE

ULTRAMIND | Product Designer → Lead Product Designer | April 2024 – Present

Lead Product Designer | Current

- Led design discussions and worked directly with CTOs and CEOs to align product direction, priorities, and user experience decisions.
- Owned design quality across product flows and interfaces, reviewing work with engineering and incorporating feedback throughout development.
- Guided design decisions by balancing user needs, product requirements, and technical feasibility.
- Built automation workflows to streamline repetitive design and research tasks.

Product Designer | Started April 2024

- Started the product design from the ground up, defining user flows and creating wireframes, high-fidelity interfaces, widgets, and interactive prototypes for the iOS application.
- Refined product flows and interfaces to improve usability, clarity, and consistency across the experience.
- Worked closely with engineering during implementation to resolve design issues and ensure the final product matched the intended experience.
- Designed the official Ultramind website and used Figma, Figma AI, Claude Design, and Adobe tools across research, ideation, UI design, animation, and visual effects.

ADDITIONAL PROJECTS

Mental Health Application | View Project

Designed a mental wellness tracking application focused on presenting key insights through a clear and structured interface. Worked on information presentation, UI design, and prototyping.

Tools: Figma

Campus Connect Mobile Application | View Project

Designed an educational institution management application that brings academic and administrative information such as fee details, course syllabus, results, and previous papers into one accessible experience. Focused on information structure, user flows, and interface design.

Tools: Figma

EDUCATION

2020 – 2024 | **Dr. B. R. Ambedkar University, Srikakulam, College of Engineering**

B.Tech, Computer Science & Engineering | CGPA: 8.62/10

2018 – 2020 | **AP Residential Jr. College, Thatipudi**

Senior Secondary (XII), MPC | CGPA: 9.86/10

2018 | **Infant Jesus High School, Tekkali**

Secondary (X) | CGPA: 10.00/10
